FROM: Maureen

RE: Kmart CID: 0002-00-00

Because of the new directive on April 19, 1995, regarding not reducing carton fixtures if under 16', the following stores should not have their carton fixture reduced. These stores need to have the carton shelving replaced.

If you are unable to locate the shelving for these fixtures, please contact your ROU for extra shelving. If the ROU can not locate shelving for these fixtures, please, contact us.
